

DAMIAN WOJCIECHOWSKI

SENIOR NETWORK CLOUD ENGINEER

Dynamic Cloud Network Engineer skilled in cloud infrastructure AWS, hybrid cloud connectivity and automation. Proficient in cloud security, and using advanced network automation tools to streamline operations. Holder of multiple AWS certifications, with hands-on experience in delivering scalable, secure cloud solutions.

Technical Skills

- Cloud Networking (AWS)
- Hybrid Cloud Integration
- Cloud Security Best Practices
- Network Automation (Python, Terraform)
- DevOps (Git, Docker)

Professional Experience

SENIOR NETWORK ENGINEER (Cloud/SD-WAN) | ERGO Technology & Services S.A. | 2024-present

- Spearheaded global SD-WAN cloud integration for financial sector clients, enhancing hybrid cloud connectivity and security.
- Taking design and architecture decisions
- Built PoC solutions and sandboxes for migration purposes
- Developed and automated High-Level Designs (HLD) and Low-Level Designs (LLD) documentation
- Actively integrated AWS services into global network architecture, streamlining hybrid cloud infrastructure.

SENIOR NETWORK ENGINEER | Atos GDC | 2020-2024

- Provided L3 support and project leadership for multivendor Data Center and LAN environments, including migration from MPLS WAN to SD-WAN.
- Integrated customer Data Center into hybrid-cloud with AWS and Oracle Cloud.
- Operated Cloud routers in AWS cloud
- Implemented observability using Netflow and DataDog
- Automated network tasks and migration procedures with Python scripting, enhancing operational efficiency.
- Led technical documentation creation (HLD/LLD), provided mentorship, organized technical workshops, and proactively managed network incidents to optimize security and performance.

Education

Bachelor of Science – Information and Communications Technology

2016-2020

University of Technology and Science in Bydgoszcz

ICT Technician

2012-2016

Electronic Technical School in Bydgoszcz

Certifications

- AWS Certified Developer Associate (2025)
- Terraform Associate (2024)
- AWS Solutions Architect Associate (2023)
- AWS Certified Cloud Practitioner (2023)
- Juniper JNCIA-SEC (2022)
- Cisco CCNA 200-301 (2021)
- Infoblox CDCA (2020)
- Infoblox CDAT (2020)

DDI NETWORK ENGINEER | Atos GDC | 2018-2020

- Delivered L2-L3 support for DDI infrastructure (IPAM, DNS, DHCP, Radius) across multiple platforms, including Infoblox and Windows technologies.
- Successfully executed customer deployments, managed transition projects, led stakeholder presentations, and provided comprehensive troubleshooting and incident management.

Additional skills/tools

- GIT
- Docker
- Grafana
- Kibana
- Relational, non-relational Databases
- Monitoring tools (Spectrum, SolarWinds)
- CISCO Meraki
- Service NOW
- Juniper Apstra

Programming languages

- Python
- Basics of Java, php, html

Languages

- English C1

Interests

- nowadays technology
- sport (football, volleyball)
- photography
- traveling
